

CCHS Car Loop Pick-Up Procedures

STUDENT INSTRUCTIONS:

- When the final bell rings, all students being picked up by a car should proceed through the black gates by the Media Center and enter the covered Car-Loop waiting area.
- Students are not permitted to enter the car loop through the gates by Student Parking.
- Students should watch for their vehicle. When their vehicle enters the loop and comes to a complete stop right behind the car in front of it, then the student may enter the vehicle.
- Students are only permitted to enter vehicles that are pulled up next to the curb in the car loop line.
