May 5, 2026

Dear Parents/Guardians,

The Class of 2026 will soon graduate and begin the next chapter of their journey. It has been exciting to learn about the many postsecondary plans our seniors have shared. Our students have earned acceptance to outstanding colleges and universities, committed to military service, and secured opportunities that will undoubtedly lead to future success.

As we approach the final weeks of the school year, we want our seniors to leave CCHS with positive memories and experiences. Therefore, we must be clear that senior pranks will not be tolerated. While these actions may be intended as harmless fun, they often result in significant damage to school or personal property and costly repairs. In prior years, students involved in pranks have been excluded from senior activities and graduation ceremonies, and in some cases, incidents escalated to law enforcement involvement through the Pasco County Sheriff's Office. We ask that you take time to speak with your student about making responsible decisions as they finish the year strong.

Additionally, attendance at mandatory graduation practice is required. Practice will take place in the gym on May 28. Students must attend graduation practice and have all school and graduation-related fees paid in order to receive their cap and gown.

Thank you for your continued support as we work together to ensure a meaningful and memorable conclusion to our seniors' high school experience.

Sincerely,

Carin Hetzler-Nettles
Principal
